Martha will have to speak for herself.

Martha said she'd alert me to any parts that I absolutely ought to weigh in on . So far, she has not pointed to any piece in particular.

I've read and commented on only the introduction.

I've gotten a call from Lea asking for my help in getting y'all to move more towards a source-based presentation. I'm thinking about what to do with that request.

Carl just called asking me to read the monitoring section so I can give my opinion of its neutrality.

I have most of tomorrow available for WY work.

Phil and Martha,

What is the status of your review of WY RH? In other words, are you done?
